

Nā Kama a Hāloa Network Survey Highlights

16% of network and hui members have lived experience.

How might we develop more ways to engage parents, young adults and caregivers?

Children in Foster Care

51% Female

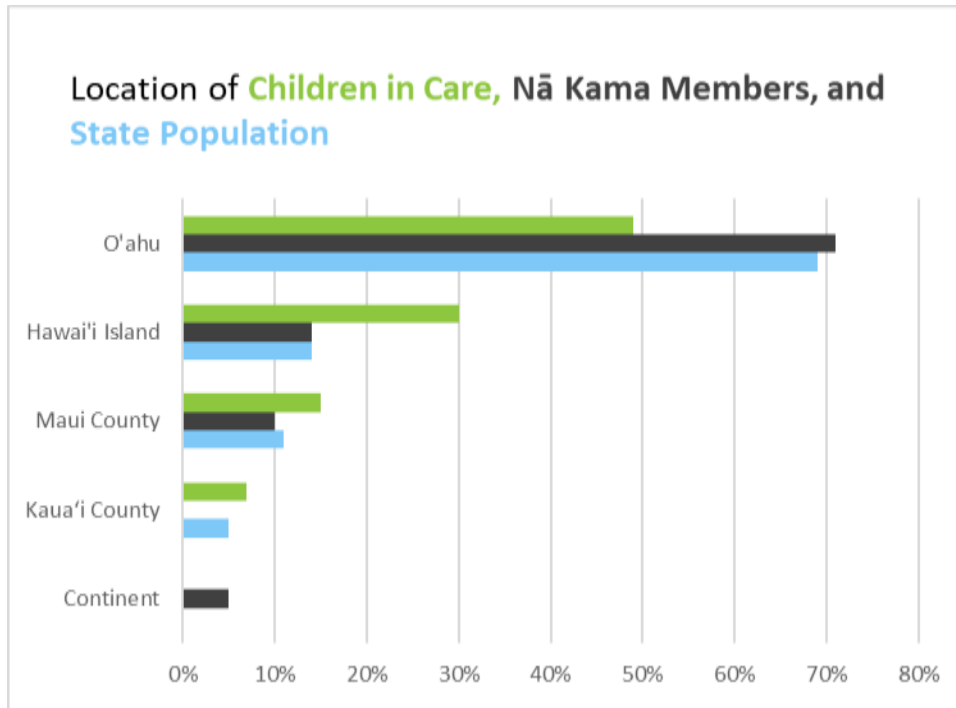

49% Male

Nā Kama membership is 88% female, 12% male.

How might this shape our work and next steps?

Here's where foster children, network members and the state's population live. There is a striking difference between O'ahu and the Neighbor Islands.

How might this influence our work and impact?

Here's the ethnic composition of children in care in Hawai'i and of network membership. *How might this inform our next steps?*

Ethnicity of **Children in Care** and **Nā Kama Members**
